

**For immediate release,**

Bruz Beers is excited to announce it's newest release, Three Peaks Tripel, that will be released on September 1st in the tasting room.

A true Belgian style Tripel, this is a real end of summer treat to partake in. Bruz Beers has a cult following with their Belgian Tripels, and this one will continue the high mark of the style in the Denver area.

Three Peaks is strong, complex and golden in color with a rewarding nose of spiciness. Pilsner and Vienna malts, brewing sugar and European hops yield a clean, refreshing beer with notes of bready malt and spicy, fruity yeast. Pairs wonderfully with cheeses like Spanish Manchego, French Epoisses and Roquefort, and English Stilton.

At a full-strength of 9.6% alcohol by volume, Three Peaks is deceptively easy to drink and will always leave you wanting more.

This limited release Tripel will be available on tap beginning Friday, September 1st, at 3:00 pm till 10:00 pm. We will also have a variety of our other recent taps available for tasting, such as Bruin (Belgian style brown ale), Gnomeboy (Belgian specialty ale), and Saison Nelson. We hope to share a glass with you.

Cheers!
