Marie, and earning recognition for its barrel program—has garnered the brewery both national and international acclaim.

Anniversary 13 Release

River North Brewery’s Anniversary 13 release promises to be a standout. This year’s anniversary beer is a blend of double, triple, and quadruple barrel-aged imperial stouts, aged in a variety of Colorado whiskey barrels, including bourbon, rye whiskey, ex-honey, ex-maple syrup whiskey, straight whiskey, and single malt whiskey barrels. At a bold 22.7% ABV, this highly anticipated beer is known for its rich, unparalleled complexity, making it a perfect choice for aging in the cellar to be enjoyed in the years to come.

Pre-sales for Anniversary 13 are now live, and bottles are selling fast. For those who cannot attend the anniversary weekend, bottles are available for reservation and can be picked up at the brewery for up to one month.
