Aurora, CO - Cerebral Brewing, an award-winning and innovative brewery based in Denver, is excited to announce the opening of its second location in the heart of the Aurora Arts District on June 28, 2024. Located at the corner of 9990 East Colfax Ave, Aurora, CO 80010, this new taproom marks a significant milestone in the brewery's mission to expand its community presence and offer an exceptional craft beer experience. After producing the majority of our beer in this building for several years, we are excited to finally realize our vision of customer-centric service and further our long-term commitment to the community.

Situated in one of Aurora's most vibrant cultural hubs, Cerebral Brewing's Aurora Arts taproom promises to bring its signature blend of creativity and science-inspired brews to a wider audience. Patrons can expect a modern, family and dog-friendly space where they can explore a diverse range of beers - including classic favorites, new releases, and member-exclusive beers.

"We are incredibly excited to open our new taproom in the Aurora Arts District," says Sean Buchan, Co-Owner of Cerebral Brewing. "This expansion allows us to connect with the vibrant local community and share our dedication to crafting quality beer. As someone who was born in Aurora, it's an honor to contribute to the area's growth and creativity, and we can't wait to welcome our neighbors and fellow beer enthusiasts to our new space."
